Full Stack Developer

Doha, Qatar | +974 55118227 | ubaidismail378@gmail.com | Linkedin | GitHub

PROFESSIONAL SUMMARY

Full Stack Developer with 5+ years of experience delivering ERP modules, web platforms and e-commerce solutions using React, Next.js, Node.js, PHP and Laravel. Experienced in leading projects from requirements to deployment.

WORK EXPERIENCE

Full Stack Developer April 2026 – Present

TNG Group, *Doha, Qatar*

- Built an inventory management module in the internal ERP, used by 500+ users and covering 5,000+ items.
- Integrated RFID scanning so inventory can be added by scan, replacing manual entry.
- Worked with end users to deploy features, gather feedback, and refine workflows.
- Delivered user training and maintained technical documentation to keep adoption high.
- Drove ongoing reliability and continuous improvement of ERP systems.

Full Stack Developer May 2022 – March 2026

CloudTach

- Designed, developed, and deployed over 10 full-stack web applications using Next.js, PHP, Laravel, and CodeIgniter.
- Created 10+ websites and landing pages with Next.js and React.js to enhance user engagement.
- Collaborated remotely with a dynamic team at Cloudtach, a startup focused on innovative web solutions.

Associate Software Engineer March 2019 – May 2022

Hashone Creatives

- Developed and maintained web applications using the MERN stack, Next.js, and CMS platforms.
- Designed and integrated APIs to improve application performance.
- Collaborated with cross-functional teams to deliver projects on schedule.

SKILLS
